Summary and Notes

Financial Analysis

Management fees are calculated at 5.2% of collected revenue and are included in operating expenses. Debt service coverage ratio was 6.58x on a trailing basis against a covenant minimum of 1.20x. Net operating income is projected to grow at a compound annual rate of 6.9% over the hold period. The property is walkable to transit, with 39 structured parking spaces shared between uses. Effective gross income for the trailing period was $310,000, representing a 5.6% increase over the prior year.

Percentage rent and CAM reimbursements are tracked separately for the commercial component. Operating expenses totaled $87,000 or approximately 17.07 per square foot, with real estate taxes representing the largest line item. The going-in capitalization rate of 6.04% reflects the in-place income and the stabilized occupancy assumption. The property is walkable to transit, with 23 structured parking spaces shared between uses. Debt service coverage ratio was 7.55x on a trailing basis against a covenant minimum of 1.20x.

Management Commentary

The manager completes a monthly walk of the property and submits a variance report to the owner by the 13th business day. The project combines ground-floor retail and restaurant space with upper-level residential and office components. Service requests are tracked through a work-order system with an average completion time of 33 hours. Percentage rent and CAM reimbursements are tracked separately for the commercial component. The property is walkable to transit, with 19 structured parking spaces shared between uses.

The property is walkable to transit, with 35 structured parking spaces shared between uses. Preventive maintenance schedules for HVAC, elevators and life-safety systems were completed on time during the period. The manager completes a monthly walk of the property and submits a variance report to the owner by the 46th business day. The project combines ground-floor retail and restaurant space with upper-level residential and office components. Service requests are tracked through a work-order system with an average completion time of 35 hours.
