QUARTERLY INVESTOR REPORT

Upland Technology Campus | New Orleans, LA

Investment	Upland Technology Campus
Quarter	1Q 2023
Report Date	January 6, 2025
Sponsor	Anchorage Meadow Partners
Occupancy	90.2%

Business Plan Progress

Projected levered IRR is 6.6% with an equity multiple of 1.31x over the hold period. Distributions to investors for the quarter were paid at an annualized rate of 7.2% on contributed capital. Carrier-neutral meet-me room supports multiple fiber providers. The investment thesis is based on stabilizing occupancy, completing the capital plan and capturing rent growth to market.

On-site infrastructure includes diesel generators, UPS systems, CRAC units and a biometric-controlled security perimeter. The investment thesis is based on stabilizing occupancy, completing the capital plan and capturing rent growth to market. Tenants are billed per kilowatt of contracted capacity with power pass-through at metered cost. Leasing velocity improved during the period and management expects further upward pressure on in-place rents. Distributions to investors for the quarter were paid at an annualized rate of 6.9% on contributed capital. The business plan contemplates a hold period of 12 years with disposition upon achievement of target returns.

Property Operations

Carrier-neutral meet-me room supports multiple fiber providers. The manager completes a monthly walk of the property and submits a variance report to the owner by the 22th business day. On-site staffing consists of a property manager, assistant manager, maintenance supervisor and 28 additional team members. The facility is a purpose-built data center with 19 MW of critical IT load, N+1 power and cooling redundancy, and dual utility feeds. Collections for the period were 89.8% of billed charges, with bad debt of 7.5% of gross potential income. Preventive maintenance schedules for HVAC, elevators and life-safety systems were completed on time during the period.

Tenants are billed per kilowatt of contracted capacity with power pass-through at metered cost. On-site staffing consists of a property manager, assistant manager, maintenance supervisor and 39 additional team members. Service requests are tracked through a work-order system with an average completion time of 48 hours. The manager completes a monthly walk of the property and submits a variance report to the owner by the 29th business day. Marketing efforts include digital listings, signage, broker outreach and a resident referral program.

Investor Distributions

Tenants are billed per kilowatt of contracted capacity with power pass-through at metered cost. The facility is a purpose-built data center with 44 MW of critical IT load, N+1 power and cooling redundancy, and dual utility feeds. Distributions to investors for the quarter were paid at an annualized rate of 6.8% on contributed capital. Leasing velocity improved during the period and management expects further upward pressure on in-place rents. Carrier-neutral meet-me room supports multiple fiber providers.
