Summary and Notes

Income and Expense Review

Debt service coverage ratio was 6.62x on a trailing basis against a covenant minimum of 1.20x. Percentage rent and CAM reimbursements are tracked separately for the commercial component. Effective gross income for the trailing period was $75,000, representing a 8.0% increase over the prior year. Net operating income is projected to grow at a compound annual rate of 6.2% over the hold period. A reserve for replacements of $250 per unit has been underwritten in the cash flow below net operating income.

The project combines ground-floor retail and restaurant space with upper-level residential and office components. The property is walkable to transit, with 34 structured parking spaces shared between uses. Debt service coverage ratio was 5.93x on a trailing basis against a covenant minimum of 1.20x. Management fees are calculated at 4.8% of collected revenue and are included in operating expenses.

Property Operations

The property is walkable to transit, with 20 structured parking spaces shared between uses. The project combines ground-floor retail and restaurant space with upper-level residential and office components. Collections for the period were 88.9% of billed charges, with bad debt of 4.1% of gross potential income. Marketing efforts include digital listings, signage, broker outreach and a resident referral program. Service requests are tracked through a work-order system with an average completion time of 34 hours. Residential units are leased on 12-month terms while the commercial component is leased on a triple net basis.

Percentage rent and CAM reimbursements are tracked separately for the commercial component. On-site staffing consists of a property manager, assistant manager, maintenance supervisor and 20 additional team members. The project combines ground-floor retail and restaurant space with upper-level residential and office components. Service requests are tracked through a work-order system with an average completion time of 45 hours. The manager completes a monthly walk of the property and submits a variance report to the owner by the 21th business day. Residential units are leased on 12-month terms while the commercial component is leased on a triple net basis.
