Improvements Description

The roof is a 8-year membrane system with an estimated remaining useful life of 6 years. Fairmont Assisted Living was originally constructed in 1967 and consists of 192 units in a building of 15 stories. The community provides assisted living and memory care services under a state-issued license with 2 full-time caregivers per shift. Dining, housekeeping, transportation and activities programming are included in the base fee.

The community provides assisted living and memory care services under a state-issued license with 19 full-time caregivers per shift. The roof is a 43-year membrane system with an estimated remaining useful life of 5 years. Common area interiors have been refreshed within the last 12 years and are in average to good condition. Mechanical systems include rooftop package units and central plant equipment of varying age. Dining, housekeeping, transportation and activities programming are included in the base fee. Fairmont Assisted Living was originally constructed in 1967 and consists of 192 units in a building of 34 stories.

Recommendations

ADA observations include non-compliant slopes at two accessible routes and signage at parking; cost to cure is estimated at $50,000. Electrical service is adequate for current demand; select panels are nearing the end of their useful life. The roofing system exhibits localized ponding and sealant deterioration; spot repairs are recommended within 12 months. Asphalt paving shows alligator cracking and should be sealcoated and restriped during the next 13 months.

Elevators were last modernized 12 years ago and are operating without deficiency. Domestic water piping is copper and PVC with no evidence of widespread leakage. ADA observations include non-compliant slopes at two accessible routes and signage at parking; cost to cure is estimated at $155,000. Electrical service is adequate for current demand; select panels are nearing the end of their useful life. The roofing system exhibits localized ponding and sealant deterioration; spot repairs are recommended within 12 months. Windows and exterior doors are in fair condition; sealant replacement is recommended at selected locations.
