APPRAISAL REPORT

Glenview Plaza | Nashville, TN

Subject Property	Glenview Plaza
Address	8115 Liberty Street, Nashville, TN 76063
Property Rights Appraised	Fee Simple
Effective Date of Value	October 5, 2018
Market Value Conclusion	$44,680,000

Supply and Demand

Employment growth is led by healthcare, logistics, education and professional services sectors. The building features a renovated lobby, structured parking at a ratio of 44 per 1,000 square feet, and a tenant lounge with fitness center. Rent growth in the submarket has averaged 6.9% annually over the past 12 years. Market vacancy for comparable Office product stands at 3.4%, down from 4.7% two years ago. New construction starts have decelerated due to higher financing costs and tighter lending standards, which supports the existing supply. Median household income within a 5-mile radius of the property is approximately $205,000 and has grown 11.9% annually.

The building features a renovated lobby, structured parking at a ratio of 23 per 1,000 square feet, and a tenant lounge with fitness center. The building is served by redundant elevators, a backup generator and a high-efficiency chiller plant. Market vacancy for comparable Office product stands at 2.7%, down from 6.2% two years ago. New construction starts have decelerated due to higher financing costs and tighter lending standards, which supports the existing supply.

Access and Utilities

Utilities, including electric, natural gas and telecommunications, are available to the site from the street. Surrounding land uses include residential, commercial and light industrial properties of similar vintage. Access to the site is provided by 11 curb cuts and the property is served by municipal water and sanitary sewer. The site is not located within a designated 100-year floodplain according to the FEMA flood map in effect. Soils are typical of the region and no evidence of unsuitable conditions was observed at the time of inspection. The site contains approximately 36.36 acres and is generally level with frontage along Liberty Street.

The site contains approximately 18.18 acres and is generally level with frontage along Liberty Street. The site is not located within a designated 100-year floodplain according to the FEMA flood map in effect. Soils are typical of the region and no evidence of unsuitable conditions was observed at the time of inspection. Surrounding land uses include residential, commercial and light industrial properties of similar vintage. Utilities, including electric, natural gas and telecommunications, are available to the site from the street. Access to the site is provided by 26 curb cuts and the property is served by municipal water and sanitary sewer.

Income and Expense Review

Floor plates are efficient and column-spacing supports open and private-office layouts. A reserve for replacements of $250 per unit has been underwritten in the cash flow below net operating income. The building is served by redundant elevators, a backup generator and a high-efficiency chiller plant. Operating expenses totaled $429,000 or approximately 19.15 per square foot, with real estate taxes representing the largest line item. Weighted average lease term remaining is 8 years and in-place rents average $26 per square foot, full service gross.

Floor plates are efficient and column-spacing supports open and private-office layouts. Operating expenses totaled $22,000 or approximately 25.17 per square foot, with real estate taxes representing the largest line item. Weighted average lease term remaining is 9 years and in-place rents average $26 per square foot, full service gross. A reserve for replacements of $250 per unit has been underwritten in the cash flow below net operating income. The building features a renovated lobby, structured parking at a ratio of 20 per 1,000 square feet, and a tenant lounge with fitness center.

Income and Expense Review

A reserve for replacements of $250 per unit has been underwritten in the cash flow below net operating income. The going-in capitalization rate of 5.16% reflects the in-place income and the stabilized occupancy assumption. Debt service coverage ratio was 7.71x on a trailing basis against a covenant minimum of 1.20x. The building features a renovated lobby, structured parking at a ratio of 43 per 1,000 square feet, and a tenant lounge with fitness center.

Floor plates are efficient and column-spacing supports open and private-office layouts. Weighted average lease term remaining is 11 years and in-place rents average $26 per square foot, full service gross. Management fees are calculated at 3.7% of collected revenue and are included in operating expenses. The going-in capitalization rate of 5.04% reflects the in-place income and the stabilized occupancy assumption.

Valuation Discussion

A reserve for replacements of $250 per unit has been underwritten in the cash flow below net operating income. Management fees are calculated at 3.8% of collected revenue and are included in operating expenses. Operating expenses totaled $226,000 or approximately 35.54 per square foot, with real estate taxes representing the largest line item. Weighted average lease term remaining is 11 years and in-place rents average $26 per square foot, full service gross. Effective gross income for the trailing period was $359,000, representing a 12.5% increase over the prior year.

The going-in capitalization rate of 6.45% reflects the in-place income and the stabilized occupancy assumption. Debt service coverage ratio was 6.73x on a trailing basis against a covenant minimum of 1.20x. Operating expenses totaled $91,000 or approximately 18.43 per square foot, with real estate taxes representing the largest line item. Management fees are calculated at 4.3% of collected revenue and are included in operating expenses.

Submarket Analysis

Employment growth is led by healthcare, logistics, education and professional services sectors. New construction starts have decelerated due to higher financing costs and tighter lending standards, which supports the existing supply. The building features a renovated lobby, structured parking at a ratio of 10 per 1,000 square feet, and a tenant lounge with fitness center. The building is served by redundant elevators, a backup generator and a high-efficiency chiller plant.

The building is served by redundant elevators, a backup generator and a high-efficiency chiller plant. Rent growth in the submarket has averaged 3.1% annually over the past 6 years. Employment growth is led by healthcare, logistics, education and professional services sectors. The building features a renovated lobby, structured parking at a ratio of 2 per 1,000 square feet, and a tenant lounge with fitness center.

Site Description

Access to the site is provided by 9 curb cuts and the property is served by municipal water and sanitary sewer. The site is not located within a designated 100-year floodplain according to the FEMA flood map in effect. Utilities, including electric, natural gas and telecommunications, are available to the site from the street. Soils are typical of the region and no evidence of unsuitable conditions was observed at the time of inspection. Surrounding land uses include residential, commercial and light industrial properties of similar vintage.

Surrounding land uses include residential, commercial and light industrial properties of similar vintage. The site is not located within a designated 100-year floodplain according to the FEMA flood map in effect. Access to the site is provided by 25 curb cuts and the property is served by municipal water and sanitary sewer. The site contains approximately 37.37 acres and is generally level with frontage along Liberty Street. Soils are typical of the region and no evidence of unsuitable conditions was observed at the time of inspection. Utilities, including electric, natural gas and telecommunications, are available to the site from the street.

Supply and Demand

Median household income within a 8-mile radius of the property is approximately $466,000 and has grown 11.7% annually. Investor demand for Office assets in Nashville remains strong with recent trades at capitalization rates between 6.90% and 6.90%. Glenview Plaza is located in Nashville, TN, a market that has recorded 6.1% population growth over the last five years. The Nashville Office market has experienced absorption of 3200 thousand square feet or equivalent units over the trailing twelve months, outpacing new deliveries. Employment growth is led by healthcare, logistics, education and professional services sectors. The building is served by redundant elevators, a backup generator and a high-efficiency chiller plant.

Median household income within a 1-mile radius of the property is approximately $182,000 and has grown 2.1% annually. Employment growth is led by healthcare, logistics, education and professional services sectors. The building features a renovated lobby, structured parking at a ratio of 45 per 1,000 square feet, and a tenant lounge with fitness center. New construction starts have decelerated due to higher financing costs and tighter lending standards, which supports the existing supply. The building is served by redundant elevators, a backup generator and a high-efficiency chiller plant.

Topography and Flood Zone

Utilities, including electric, natural gas and telecommunications, are available to the site from the street. The site is not located within a designated 100-year floodplain according to the FEMA flood map in effect. Surrounding land uses include residential, commercial and light industrial properties of similar vintage. Access to the site is provided by 40 curb cuts and the property is served by municipal water and sanitary sewer. Soils are typical of the region and no evidence of unsuitable conditions was observed at the time of inspection.

The structure is of wood-frame, masonry and steel-frame construction on a slab-on-grade foundation.

Exterior finishes comprise brick veneer, fiber-cement siding and aluminum storefront glazing in good condition. Weighted average lease term remaining is 11 years and in-place rents average $26 per square foot, full service gross. The building features a renovated lobby, structured parking at a ratio of 20 per 1,000 square feet, and a tenant lounge with fitness center. Floor plates are efficient and column-spacing supports open and private-office layouts. Common area interiors have been refreshed within the last 6 years and are in average to good condition.

Building Systems

Mechanical systems include rooftop package units and central plant equipment of varying age. Exterior finishes comprise brick veneer, fiber-cement siding and aluminum storefront glazing in good condition. The structure is of wood-frame, masonry and steel-frame construction on a slab-on-grade foundation. Common area interiors have been refreshed within the last 6 years and are in average to good condition. Floor plates are efficient and column-spacing supports open and private-office layouts.

The structure is of wood-frame, masonry and steel-frame construction on a slab-on-grade foundation. The building features a renovated lobby, structured parking at a ratio of 27 per 1,000 square feet, and a tenant lounge with fitness center. Weighted average lease term remaining is 8 years and in-place rents average $26 per square foot, full service gross. Life-safety systems include a fully sprinklered building, addressable fire alarm panel and emergency lighting. The building is served by redundant elevators, a backup generator and a high-efficiency chiller plant. Glenview Plaza was originally constructed in 1973 and consists of 251,000 SF in a building of 11 stories.

Income and Expense Review

Net operating income is projected to grow at a compound annual rate of 4.9% over the hold period. Weighted average lease term remaining is 5 years and in-place rents average $26 per square foot, full service gross. Debt service coverage ratio was 5.64x on a trailing basis against a covenant minimum of 1.20x. Management fees are calculated at 7.2% of collected revenue and are included in operating expenses.

Operating expenses totaled $11,000 or approximately 40.29 per square foot, with real estate taxes representing the largest line item. The building is served by redundant elevators, a backup generator and a high-efficiency chiller plant. A reserve for replacements of $250 per unit has been underwritten in the cash flow below net operating income. Floor plates are efficient and column-spacing supports open and private-office layouts. The going-in capitalization rate of 5.38% reflects the in-place income and the stabilized occupancy assumption. Effective gross income for the trailing period was $363,000, representing a 2.1% increase over the prior year.

Income and Expense Review

Debt service coverage ratio was 5.41x on a trailing basis against a covenant minimum of 1.20x. Floor plates are efficient and column-spacing supports open and private-office layouts. Management fees are calculated at 3.3% of collected revenue and are included in operating expenses. Operating expenses totaled $318,000 or approximately 36.61 per square foot, with real estate taxes representing the largest line item. The building is served by redundant elevators, a backup generator and a high-efficiency chiller plant.

A reserve for replacements of $250 per unit has been underwritten in the cash flow below net operating income. Floor plates are efficient and column-spacing supports open and private-office layouts. Debt service coverage ratio was 5.86x on a trailing basis against a covenant minimum of 1.20x. Operating expenses totaled $385,000 or approximately 35.73 per square foot, with real estate taxes representing the largest line item. The building features a renovated lobby, structured parking at a ratio of 6 per 1,000 square feet, and a tenant lounge with fitness center.

Income and Expense Review

The going-in capitalization rate of 7.51% reflects the in-place income and the stabilized occupancy assumption. Weighted average lease term remaining is 6 years and in-place rents average $26 per square foot, full service gross. A reserve for replacements of $250 per unit has been underwritten in the cash flow below net operating income. Debt service coverage ratio was 7.20x on a trailing basis against a covenant minimum of 1.20x.

The going-in capitalization rate of 6.86% reflects the in-place income and the stabilized occupancy assumption. The building features a renovated lobby, structured parking at a ratio of 3 per 1,000 square feet, and a tenant lounge with fitness center. Debt service coverage ratio was 5.91x on a trailing basis against a covenant minimum of 1.20x. Effective gross income for the trailing period was $134,000, representing a 9.3% increase over the prior year. Net operating income is projected to grow at a compound annual rate of 6.4% over the hold period.

Submarket Analysis

Market vacancy for comparable Office product stands at 11.7%, down from 5.3% two years ago. Employment growth is led by healthcare, logistics, education and professional services sectors. Floor plates are efficient and column-spacing supports open and private-office layouts. New construction starts have decelerated due to higher financing costs and tighter lending standards, which supports the existing supply. Median household income within a 5-mile radius of the property is approximately $325,000 and has grown 8.8% annually. The Nashville Office market has experienced absorption of 1600 thousand square feet or equivalent units over the trailing twelve months, outpacing new deliveries.

Weighted average lease term remaining is 3 years and in-place rents average $26 per square foot, full service gross. Investor demand for Office assets in Nashville remains strong with recent trades at capitalization rates between 5.08% and 5.08%. New construction starts have decelerated due to higher financing costs and tighter lending standards, which supports the existing supply. Median household income within a 8-mile radius of the property is approximately $36,000 and has grown 13.8% annually.

Access and Utilities

Access to the site is provided by 19 curb cuts and the property is served by municipal water and sanitary sewer. Utilities, including electric, natural gas and telecommunications, are available to the site from the street. The site is not located within a designated 100-year floodplain according to the FEMA flood map in effect. The site contains approximately 21.21 acres and is generally level with frontage along Liberty Street.

Utilities, including electric, natural gas and telecommunications, are available to the site from the street. The site contains approximately 46.46 acres and is generally level with frontage along Liberty Street. Surrounding land uses include residential, commercial and light industrial properties of similar vintage. Soils are typical of the region and no evidence of unsuitable conditions was observed at the time of inspection. Access to the site is provided by 23 curb cuts and the property is served by municipal water and sanitary sewer. The site is not located within a designated 100-year floodplain according to the FEMA flood map in effect.

Market Overview

The building features a renovated lobby, structured parking at a ratio of 26 per 1,000 square feet, and a tenant lounge with fitness center. Glenview Plaza is located in Nashville, TN, a market that has recorded 5.3% population growth over the last five years. Median household income within a 2-mile radius of the property is approximately $238,000 and has grown 4.0% annually. Weighted average lease term remaining is 12 years and in-place rents average $26 per square foot, full service gross. Market vacancy for comparable Office product stands at 12.6%, down from 7.8% two years ago.

The building features a renovated lobby, structured parking at a ratio of 34 per 1,000 square feet, and a tenant lounge with fitness center. Median household income within a 6-mile radius of the property is approximately $321,000 and has grown 4.8% annually. Market vacancy for comparable Office product stands at 9.9%, down from 6.1% two years ago. Employment growth is led by healthcare, logistics, education and professional services sectors. Floor plates are efficient and column-spacing supports open and private-office layouts.

Topography and Flood Zone

Soils are typical of the region and no evidence of unsuitable conditions was observed at the time of inspection. Utilities, including electric, natural gas and telecommunications, are available to the site from the street. The site is not located within a designated 100-year floodplain according to the FEMA flood map in effect. The site contains approximately 34.34 acres and is generally level with frontage along Liberty Street. Surrounding land uses include residential, commercial and light industrial properties of similar vintage.
