Summary and Notes

Valuation Discussion

Management fees are calculated at 3.1% of collected revenue and are included in operating expenses. The going-in capitalization rate of 6.51% reflects the in-place income and the stabilized occupancy assumption. A reserve for replacements of $250 per unit has been underwritten in the cash flow below net operating income. Effective gross income for the trailing period was $382,000, representing a 13.3% increase over the prior year. Net operating income is projected to grow at a compound annual rate of 6.9% over the hold period.

Management fees are calculated at 5.4% of collected revenue and are included in operating expenses. Debt service coverage ratio was 8.15x on a trailing basis against a covenant minimum of 1.20x. Operating expenses totaled $177,000 or approximately 30.04 per square foot, with real estate taxes representing the largest line item. The property is walkable to transit, with 11 structured parking spaces shared between uses.

Management Commentary

The manager completes a monthly walk of the property and submits a variance report to the owner by the 6th business day. Marketing efforts include digital listings, signage, broker outreach and a resident referral program. Residential units are leased on 12-month terms while the commercial component is leased on a triple net basis. Percentage rent and CAM reimbursements are tracked separately for the commercial component.

Service requests are tracked through a work-order system with an average completion time of 39 hours. The project combines ground-floor retail and restaurant space with upper-level residential and office components. The property is walkable to transit, with 45 structured parking spaces shared between uses. On-site staffing consists of a property manager, assistant manager, maintenance supervisor and 23 additional team members.
