Summary and Notes

Income and Expense Review

Tenants are billed per kilowatt of contracted capacity with power pass-through at metered cost. Effective gross income for the trailing period was $307,000, representing a 2.1% increase over the prior year. Operating expenses totaled $461,000 or approximately 10.68 per square foot, with real estate taxes representing the largest line item. Net operating income is projected to grow at a compound annual rate of 7.3% over the hold period. On-site infrastructure includes diesel generators, UPS systems, CRAC units and a biometric-controlled security perimeter. Management fees are calculated at 3.8% of collected revenue and are included in operating expenses.

Operating expenses totaled $156,000 or approximately 20.51 per square foot, with real estate taxes representing the largest line item. On-site infrastructure includes diesel generators, UPS systems, CRAC units and a biometric-controlled security perimeter. Carrier-neutral meet-me room supports multiple fiber providers. Tenants are billed per kilowatt of contracted capacity with power pass-through at metered cost. The going-in capitalization rate of 7.94% reflects the in-place income and the stabilized occupancy assumption. Debt service coverage ratio was 7.66x on a trailing basis against a covenant minimum of 1.20x.

Leasing and Marketing

Service requests are tracked through a work-order system with an average completion time of 29 hours. Preventive maintenance schedules for HVAC, elevators and life-safety systems were completed on time during the period. Carrier-neutral meet-me room supports multiple fiber providers. The facility is a purpose-built data center with 31 MW of critical IT load, N+1 power and cooling redundancy, and dual utility feeds. The manager completes a monthly walk of the property and submits a variance report to the owner by the 10th business day.

The facility is a purpose-built data center with 14 MW of critical IT load, N+1 power and cooling redundancy, and dual utility feeds. Preventive maintenance schedules for HVAC, elevators and life-safety systems were completed on time during the period. Marketing efforts include digital listings, signage, broker outreach and a resident referral program. The manager completes a monthly walk of the property and submits a variance report to the owner by the 21th business day. Service requests are tracked through a work-order system with an average completion time of 29 hours. Collections for the period were 97.0% of billed charges, with bad debt of 4.9% of gross potential income.
