Summary and Notes

Valuation Discussion

Net operating income is projected to grow at a compound annual rate of 7.4% over the hold period. Management fees are calculated at 8.0% of collected revenue and are included in operating expenses. The going-in capitalization rate of 5.79% reflects the in-place income and the stabilized occupancy assumption. Debt service coverage ratio was 5.57x on a trailing basis against a covenant minimum of 1.20x. On-site infrastructure includes diesel generators, UPS systems, CRAC units and a biometric-controlled security perimeter.

The facility is a purpose-built data center with 6 MW of critical IT load, N+1 power and cooling redundancy, and dual utility feeds. Net operating income is projected to grow at a compound annual rate of 3.8% over the hold period. Debt service coverage ratio was 7.75x on a trailing basis against a covenant minimum of 1.20x. On-site infrastructure includes diesel generators, UPS systems, CRAC units and a biometric-controlled security perimeter. Operating expenses totaled $48,000 or approximately 14.04 per square foot, with real estate taxes representing the largest line item. Management fees are calculated at 5.4% of collected revenue and are included in operating expenses.

Management Commentary

Preventive maintenance schedules for HVAC, elevators and life-safety systems were completed on time during the period. On-site infrastructure includes diesel generators, UPS systems, CRAC units and a biometric-controlled security perimeter. Collections for the period were 94.9% of billed charges, with bad debt of 5.5% of gross potential income. On-site staffing consists of a property manager, assistant manager, maintenance supervisor and 44 additional team members.

Marketing efforts include digital listings, signage, broker outreach and a resident referral program. On-site infrastructure includes diesel generators, UPS systems, CRAC units and a biometric-controlled security perimeter. Carrier-neutral meet-me room supports multiple fiber providers. On-site staffing consists of a property manager, assistant manager, maintenance supervisor and 6 additional team members. Preventive maintenance schedules for HVAC, elevators and life-safety systems were completed on time during the period.
