APPRAISAL REPORT

Aspen Storage Depot | Kansas City, MO

Subject Property	Aspen Storage Depot
Address	8892 Technology Parkway, Kansas City, MO 50679
Property Rights Appraised	Fee Simple
Effective Date of Value	December 21, 2017
Market Value Conclusion	$5,480,000

Market Overview

Employment growth is led by healthcare, logistics, education and professional services sectors. Market vacancy for comparable Self Storage product stands at 2.9%, down from 3.8% two years ago. The facility offers climate-controlled and drive-up units, a manager's office, keypad gate access and video surveillance. The Kansas City Self Storage market has experienced absorption of 1000 thousand square feet or equivalent units over the trailing twelve months, outpacing new deliveries. Physical occupancy is 91.6% and the average in-place rent is $99 per unit per month. Aspen Storage Depot is located in Kansas City, MO, a market that has recorded 12.1% population growth over the last five years.

Aspen Storage Depot is located in Kansas City, MO, a market that has recorded 7.3% population growth over the last five years. Ancillary income includes tenant insurance, merchandise sales and truck rental commissions. Investor demand for Self Storage assets in Kansas City remains strong with recent trades at capitalization rates between 6.67% and 6.67%. The facility offers climate-controlled and drive-up units, a manager's office, keypad gate access and video surveillance.

Topography and Flood Zone

Utilities, including electric, natural gas and telecommunications, are available to the site from the street. Soils are typical of the region and no evidence of unsuitable conditions was observed at the time of inspection. The site contains approximately 28.28 acres and is generally level with frontage along Technology Parkway. The site is not located within a designated 100-year floodplain according to the FEMA flood map in effect.

Surrounding land uses include residential, commercial and light industrial properties of similar vintage. The site is not located within a designated 100-year floodplain according to the FEMA flood map in effect. Soils are typical of the region and no evidence of unsuitable conditions was observed at the time of inspection. Access to the site is provided by 48 curb cuts and the property is served by municipal water and sanitary sewer. The site contains approximately 4.4 acres and is generally level with frontage along Technology Parkway.

Submarket Analysis

Rent growth in the submarket has averaged 6.1% annually over the past 5 years. Market vacancy for comparable Self Storage product stands at 9.6%, down from 6.1% two years ago. Median household income within a 6-mile radius of the property is approximately $271,000 and has grown 5.1% annually. Unit sizes range from 5x5 to 10x30 and the property is managed by an on-site team with online rental capability. New construction starts have decelerated due to higher financing costs and tighter lending standards, which supports the existing supply.

New construction starts have decelerated due to higher financing costs and tighter lending standards, which supports the existing supply. Aspen Storage Depot is located in Kansas City, MO, a market that has recorded 9.5% population growth over the last five years. Market vacancy for comparable Self Storage product stands at 8.0%, down from 4.4% two years ago. Employment growth is led by healthcare, logistics, education and professional services sectors.

Site Description

Access to the site is provided by 48 curb cuts and the property is served by municipal water and sanitary sewer. Soils are typical of the region and no evidence of unsuitable conditions was observed at the time of inspection. The site contains approximately 40.40 acres and is generally level with frontage along Technology Parkway. The site is not located within a designated 100-year floodplain according to the FEMA flood map in effect. Surrounding land uses include residential, commercial and light industrial properties of similar vintage. Utilities, including electric, natural gas and telecommunications, are available to the site from the street.

Income and Expense Review

Ancillary income includes tenant insurance, merchandise sales and truck rental commissions. Management fees are calculated at 7.2% of collected revenue and are included in operating expenses. The facility offers climate-controlled and drive-up units, a manager's office, keypad gate access and video surveillance. Debt service coverage ratio was 7.67x on a trailing basis against a covenant minimum of 1.20x.

Net operating income is projected to grow at a compound annual rate of 7.1% over the hold period. Operating expenses totaled $225,000 or approximately 8.36 per square foot, with real estate taxes representing the largest line item. Physical occupancy is 94.3% and the average in-place rent is $99 per unit per month. A reserve for replacements of $250 per unit has been underwritten in the cash flow below net operating income. Management fees are calculated at 5.7% of collected revenue and are included in operating expenses.

Income and Expense Review

Ancillary income includes tenant insurance, merchandise sales and truck rental commissions. Net operating income is projected to grow at a compound annual rate of 4.1% over the hold period. Physical occupancy is 95.2% and the average in-place rent is $99 per unit per month. Effective gross income for the trailing period was $378,000, representing a 12.9% increase over the prior year.

A reserve for replacements of $250 per unit has been underwritten in the cash flow below net operating income. Net operating income is projected to grow at a compound annual rate of 3.3% over the hold period. Unit sizes range from 5x5 to 10x30 and the property is managed by an on-site team with online rental capability. The facility offers climate-controlled and drive-up units, a manager's office, keypad gate access and video surveillance. The going-in capitalization rate of 8.15% reflects the in-place income and the stabilized occupancy assumption. Debt service coverage ratio was 7.82x on a trailing basis against a covenant minimum of 1.20x.

Operating Performance

Effective gross income for the trailing period was $398,000, representing a 8.6% increase over the prior year. The facility offers climate-controlled and drive-up units, a manager's office, keypad gate access and video surveillance. Physical occupancy is 91.3% and the average in-place rent is $99 per unit per month. Debt service coverage ratio was 6.49x on a trailing basis against a covenant minimum of 1.20x.

Unit sizes range from 5x5 to 10x30 and the property is managed by an on-site team with online rental capability. Net operating income is projected to grow at a compound annual rate of 6.5% over the hold period. Ancillary income includes tenant insurance, merchandise sales and truck rental commissions. A reserve for replacements of $250 per unit has been underwritten in the cash flow below net operating income.

Physical occupancy is 91.4% and the average in-place rent is $99 per unit per month. Aspen Storage Depot is located in Kansas City, MO, a market that has recorded 8.8% population growth over the last five years. The Kansas City Self Storage market has experienced absorption of 800 thousand square feet or equivalent units over the trailing twelve months, outpacing new deliveries. Unit sizes range from 5x5 to 10x30 and the property is managed by an on-site team with online rental capability. Employment growth is led by healthcare, logistics, education and professional services sectors.

Access and Utilities

The site contains approximately 3.3 acres and is generally level with frontage along Technology Parkway. Surrounding land uses include residential, commercial and light industrial properties of similar vintage. Access to the site is provided by 48 curb cuts and the property is served by municipal water and sanitary sewer. The site is not located within a designated 100-year floodplain according to the FEMA flood map in effect. Utilities, including electric, natural gas and telecommunications, are available to the site from the street.

Utilities, including electric, natural gas and telecommunications, are available to the site from the street. Access to the site is provided by 36 curb cuts and the property is served by municipal water and sanitary sewer. The site contains approximately 30.30 acres and is generally level with frontage along Technology Parkway. The site is not located within a designated 100-year floodplain according to the FEMA flood map in effect. Soils are typical of the region and no evidence of unsuitable conditions was observed at the time of inspection. Surrounding land uses include residential, commercial and light industrial properties of similar vintage.
