Investor Distributions

Distributions to investors for the quarter were paid at an annualized rate of 5.3% on contributed capital. A product improvement plan for guest rooms and corridors is scheduled under the brand standards. The business plan contemplates a hold period of 5 years with disposition upon achievement of target returns. The investment thesis is based on stabilizing occupancy, completing the capital plan and capturing rent growth to market. Projected levered IRR is 11.2% with an equity multiple of 1.48x over the hold period. Leasing velocity improved during the period and management expects further upward pressure on in-place rents.

The investment thesis is based on stabilizing occupancy, completing the capital plan and capturing rent growth to market. Distributions to investors for the quarter were paid at an annualized rate of 7.9% on contributed capital. Revenue is driven by transient corporate demand, group business and weekend leisure travel. Leasing velocity improved during the period and management expects further upward pressure on in-place rents.

Demographics and Employment

Risk Considerations

Revenue is driven by transient corporate demand, group business and weekend leisure travel. Key risks include interest rate exposure, tenant rollover, construction cost overruns and local supply additions. The investment thesis is based on stabilizing occupancy, completing the capital plan and capturing rent growth to market. The business plan contemplates a hold period of 10 years with disposition upon achievement of target returns. Projected levered IRR is 9.2% with an equity multiple of 1.13x over the hold period. Leasing velocity improved during the period and management expects further upward pressure on in-place rents.

Revenue is driven by transient corporate demand, group business and weekend leisure travel. The hotel operates under a franchise agreement with Crestwood Inn, with a complimentary breakfast, indoor pool and 28 meeting rooms. A product improvement plan for guest rooms and corridors is scheduled under the brand standards. The investment thesis is based on stabilizing occupancy, completing the capital plan and capturing rent growth to market. Trailing twelve-month occupancy was 91.6% with an average daily rate of $117 and RevPAR indexing above the competitive set.

Submarket Analysis

The hotel operates under a franchise agreement with Crestwood Inn, with a complimentary breakfast, indoor pool and 47 meeting rooms. Trailing twelve-month occupancy was 93.7% with an average daily rate of $117 and RevPAR indexing above the competitive set. Revenue is driven by transient corporate demand, group business and weekend leisure travel. New construction starts have decelerated due to higher financing costs and tighter lending standards, which supports the existing supply. Amberly Suites is located in Birmingham, AL, a market that has recorded 5.2% population growth over the last five years. Employment growth is led by healthcare, logistics, education and professional services sectors.

The hotel operates under a franchise agreement with Crestwood Inn, with a complimentary breakfast, indoor pool and 22 meeting rooms. Employment growth is led by healthcare, logistics, education and professional services sectors. The Birmingham Hotel market has experienced absorption of 3700 thousand square feet or equivalent units over the trailing twelve months, outpacing new deliveries. Amberly Suites is located in Birmingham, AL, a market that has recorded 4.5% population growth over the last five years.

Amberly Suites is located in Birmingham, AL, a market that has recorded 6.8% population growth over the last five years. Market vacancy for comparable Hotel product stands at 7.8%, down from 7.9% two years ago. Rent growth in the submarket has averaged 7.1% annually over the past 5 years. A product improvement plan for guest rooms and corridors is scheduled under the brand standards. Median household income within a 1-mile radius of the property is approximately $119,000 and has grown 5.3% annually. The Birmingham Hotel market has experienced absorption of 1500 thousand square feet or equivalent units over the trailing twelve months, outpacing new deliveries.

Risk Considerations

Trailing twelve-month occupancy was 92.4% with an average daily rate of $117 and RevPAR indexing above the competitive set. Key risks include interest rate exposure, tenant rollover, construction cost overruns and local supply additions. A product improvement plan for guest rooms and corridors is scheduled under the brand standards. Projected levered IRR is 12.1% with an equity multiple of 1.7x over the hold period.
